

REMARKS**1. Preliminary Remarks****a. Status of the Claims**

Applicant respectfully requests entry of the amendments to the specification/figures and remarks made herein into the file history of the application.

b. Amendment to the Specification

Although not requested in the ExParte Quayle Action, Applicant has amended Tables 1 and 2 of the specification in order to expedite processing the application to grant. Specifically, Tables 1 and 2 have been deleted and only the relevant material to the claimed invention has been added to the specification at the end of the disclosure as replacement Tables 1 and 2. Support for the new amended Tables 1 and 2 at the end of the detailed description can be found at lines 13415-13419 of the originally filed Table 1, lines 132628-132682 of the originally filed Table 2, and paragraphs 0036 and 27001 of the originally filed specification. Applicant respectfully submits that no new matter has been added.

In view of the foregoing amendments, Applicant submits that the Tables have been amended to sufficiently restrict the material that relates specifically to the subject matter embraced by the claims. Accordingly, Applicant respectfully requests that a Notification of Allowance be issued.

2. Conclusion

Applicant respectfully submits that the instant application is in good and proper order for allowance and early notification to this effect is solicited. If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of the instant application, the Examiner is encouraged to call the undersigned at the number listed below.

Respectfully submitted,
